Sources: Committee for Economic Development of The Conference Board, *Child Care in State Economies: 2019 Update*; 2016 U.S. Census Bureau Economic Census and County Business Pattern data and non-employer statistics data; Current Population Survey for the 2015-2017 period; 2016-2017 National Survey of Children's Health (NSCH), U.S. Department of Health and Human Services; and Child Care Aware of America 2017 child care rates, *the U.S. and the High Cost of Child Care* (2018). Note: Regulations for child care licensing vary by state. The economic information provided through the U.S. Census Bureau Economic Census includes employers and sole proprietors who report child care business income. This does not mean such entities are regulated by the state or are in compliance with state law. Therefore, state regulatory lists may vary from child care business data reflected in the Census Bureau data.
