

Secure, Credible, Accessible **Midterm Elections** in 2022

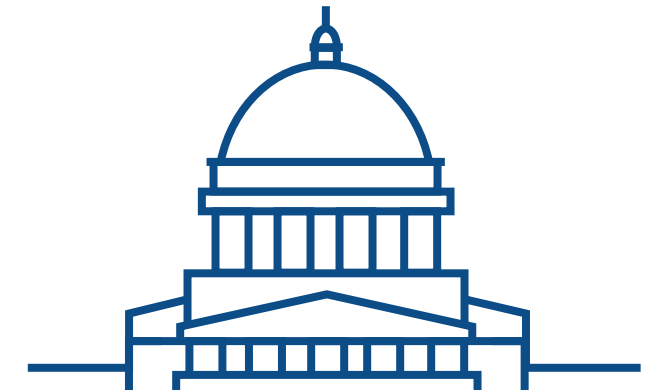

State and local governments

- **Voter-verified** paper record of ballots cast
- **Count all ballots** received before Election Day
- **Prohibit wireless components** in voting systems
- **Training** for poll workers
- **Rigorous post-election** audits & testing of equipment
- **At least 10 days** early voting
- **Best practices** for absentee ballot design
- **Clear guidelines** on processing ballots and handling errors
- **Sufficient** number of polling places
- **Widespread training** of election poll workers
- **Nonpartisan** election administration
- **No harassment** of election workers

Business

- **Provide leadership** voice on importance of voting
- **Communicate** any new voting rules to workers
- **Donate supplies** where consistent with law
- **Make it easier** for employees to serve as poll workers
- **Provide paid leave** to reduce crowding at the polls

Congress

- **Provide resources** for physical and cybersecurity
- **Modernize** the Electoral Count Act
- **Treat Election Mail** as First-Class Mail or above
